

A Ultra-modern IVF Laboratory

PRESENTATION & PRODUCT CATALOG

UniMed Moldova

Medical equipment and consumables for clinics, laboratories, and hospitals

One partner for the embryology lab, the operating room, the ward, and the clinical lab — with local delivery, installation, and technical support.

560
products in the catalog

10
sections by department

16
partner brands

- Laboratory equipment
- Gynecology & reproduction
- Operating room
- Injection & infusion
- Ward & patient care
- IVF lab consumables
- Urology, GI & radiology
- Personal protection
- Sample collection
- Wound care & pharmacy

WHO WE ARE

UniMed Moldova — your local technology partner

A specialized medical equipment and solutions company with over 10 years of experience. We serve fertility clinics, laboratories, hospitals, and medical centers across Moldova and the CIS — with a team and warehouse in Chișinău.

Beyond supply: equipment consulting, delivery, installation and calibration, staff training, preventive maintenance, and a steady supply of consumables.

- **Official manufacturer distributor**
- **Local team in Moldova**
- **Complete fit-out by department**
- **Long-term technical support**

WHO WE SERVE

IVF clinics · Hospitals · Clinical labs · Medical centers · Pharmacies

BRANDS IN OUR PORTFOLIO

Aidplast · Aldarmed · Allwin Medical · Ates Medtex · Ayset · Beybi · Esco Lifesciences · Fullset Medical · IVF Prime · Mediteks · MVE Biological Solutions · Set Medikal · Sunlight Medical · TTT World · Vacusera (Disera) · Vistalina

PARTNERSHIP

From request to maintenance

We work with tailored quotes: choose the products, and we prepare the configuration, pricing, and delivery terms.

1 **Consulting**
We review the department and workload and recommend the right configuration.

2 **Quote & delivery**
Quotes by UniMed code, regional logistics, and safe delivery.

3 **Installation & training**
Commissioning, calibration, and staff training for equipment.

4 **Maintenance & resupply**
Preventive service, genuine parts, and regular consumable deliveries.

GUIDE

How to use this catalog

01 Pick your department's section
Products are grouped by who uses them: lab, operating room, ward, sample collection, and more.

02 Equipment is separate from consumables
All laboratory equipment is in section 01; the other sections contain consumables.

03 Order by UniMed code
Send us the codes (e.g. UM-IC-0001) — we prepare a quote with variants, packaging, and prices.

MIRI® Multiroom Incubator
UM-EQ-0002
Esco Lifesciences

Each product: photo, name, UniMed code, and brand.
